

San Francisco Bay Area Burmese Community Water Donation Food Fair

There is a saying "you can live without food for 7 days, but not half a day without drinking water".

Think how very important it is to have water in one's life. Unfortunately, many people in remote villages throughout Burma are suffering from a critical drinking water crisis caused by recent severe hot weather and climate change, which dried up many lakes and water reservoirs.

Renowned author Jim Rohn reminds us that "Giving is better than receiving because giving starts the receiving process". Even the smallest reflection of one's generosity makes a big difference to those unfortunate people at their time of need. But please give as generously as you can; you will feel proud that you were able to help your Burmese brothers and sisters.

Let us create the rain they need, a rain of loving kindness and compassion that will fall on them and let them know we care.

You are cordially invited to our water donation food fair on June 06, 2010 at Newark Pavilion, 6430 Thornton Ave. Newark, CA 94560 between 10am to 3:30 pm. There are several ways you can help in this urgent fund raiser:

- (1) Get involve with the water donation Committee.
- (2) Donate money to the Committee,
- (3) Help us sell water donation food coupons to your friends and your co-workers at your organization or work place, and/or
- (4) Open your own food booth on the day of fund raising drive.

Please tell us what you are willing to do and let us know as soon as possible, but no later than June 1, 2010.

We have made arrangements with Free Funeral Service Society in Burma (Yangon), so that all funds will be transferred directly to that organization. Free Funeral Service Society currently is leading the effort to help supply drinking water to these remote villages.

Please help in whatever way you can. If we don't help our friends in need, who will?

To Donate money:

Payable to: SF Bay Area Burmese Community Water Donation
Address: 4100 Cadiz Court
Fremont, CA 94536
